Dear Members:

There are several definitions for the word "character". *A: one of the attributes or features that make up and distinguish an individual.* The Fashion Show on April 3rd will reflect the character of each of the models as they walk the runway with apparel and moves that reflect their personalities. Be sure to invite your family and friends to the event. At the April 10th New Member Orientation, the leadership characteristics of committee leads will be reflected in their discussion of their committees. What a great opportunity to learn more about the committees and select the right committees for you.

B: the complex of mental and ethical traits marking and often individualizing person, group, or nation. The Women's Civic Club is a well-recognized club in Panama City Beach. We are known for treating members, guests, donors and community partners with respect and following through on our commitments. Each individual member is key to maintaining the positive image of the club through respect and support, integrity and accountability, positive representation and confidentiality. The club is celebrating 60 years of caring and sharing as a result of these traits.

Congratulations to the Arts and Craft and Kitchen Committees for the well-executed event on March 8th! The support to the vendors, the food offered at the Cafe' and the variety is the reason people come back each year.

"Character is like a tree and reputation is like its shadow. The shadow is what we think of it, the tree is the real thing." Abraham Lincoln

March Luncheon - "Exploring Family Legacies with Guest Speaker Beverly Nield"

We were delighted to welcome Beverly Nield, a distinguished author and genealogist, as our guest speaker for our March 6th luncheon at Captain Jack's Family Buffet on Thomas Drive. Beverly's passion for history and uncovering family legacies was evident as she captivated our audience with her extensive knowledge and engaging storytelling.

During her presentation, Beverly shared invaluable insights on navigating historical records, offering practical strategies for tracing family roots and preserving personal histories for future generations. She illuminated the challenges and rewards of genealogical research, providing attendees with useful tips on where to start, how to interpret historical documents, and the best ways to document and share their findings.

Beverly also highlighted fascinating historical discoveries, illustrating how family stories connect us to the past and deepen our understanding of who we are. As the author of *Haunted Panama City*, her expertise and enthusiasm sparked curiosity, inspiring many in the room to explore not only their own family histories but also the rich and intriguing stories within our own community.

It was a truly enlightening experience, and we are grateful to Beverly for sharing her time and knowledge with us. For those who missed the luncheon, we encourage you to explore the wealth of resources available for genealogical research—you never know what remarkable stories you might uncover in your own family history!

If you would like more information, you can contact Beverly Nield at (850) 867-2472 or via email at beverlynield@gmail.com. You can also visit her website at www.ancestry-pi.com for additional resources and insights.

Unfavorable weather didn't keep the shoppers from attending our annual Spring Fling on Saturday, March 8th at Frank Brown Park. The variety of vendors, all with handmade artisan items for sale, and the cafe' saw a steady stream of shoppers.

Thank you to the volunteers and to the kitchen committee for all they did to make this a delightful experience!

2025 UNwineD is in the books and it was a SUCCESS! Our members, along with their families and friends, had a fun day pouring samples of wine, craft beer and spirits to the garden part attendees. We also worked water stations to keep all of the attendees hydrated. It was a wonderful day to kick off the spring season with the attendees wearing their lovely spring fashions. Many thanks to all the ladies that worked this event and who were so flexible in jumping in wherever needed. You all are SO much fun to work with! And we would like to especially thank Visit Panama City Beach for providing the WCC with this awesome fundraising opportunity! Together we are truly "United for a Better Community"!

"Recognizing our Members"

You are important to us! Sunshine committee members wear sunflower pins to make it easier for members to tell us when a member is ill, had a loss, needs surgery or just a hug. If you are new and have a question, we might be able to steer you in the right direction. Feel free to call if you know someone who needs a card. We don't want to miss cheering up our fellow member.
