From the President's Desk

Dear Members,

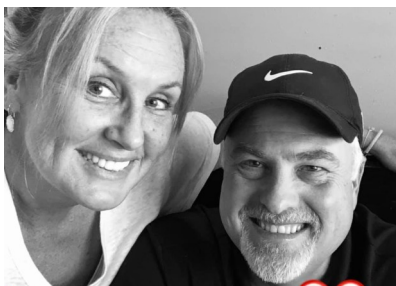

In many ways, September can feel like the busiest time of the year. School is back in session, football season starts and Thanksgiving will suddenly be upon us. It is the time when our club focuses on what the year has in store for us.

The summer months have not been idle. Committee chairs have been busy planning for the year. The Member to Member Committee had three fun Bunco events and a Princess House Party, the Lunches and Programs Committee has secured the luncheon venues and is completing the speaker confirmations and the Library Committee supported the "Free Library on Wheels" sorting activity.

Texas Roadhouse owners selflessly help community in times of need

Helen & Paul Schreiner received high honors from the Florida Restaurant & Lodging Association (FRLA) recently for outstanding accomplishments and service in Florida's Hospitality Industry. They placed in the top three in the Spirit of Hospitality Award category, which was created "to acknowledge a member who has shown extreme generosity, kindness and dedication to the hospitality industry, our state and to making our community better." Areas of contribution

may include disaster response, political involvement, community service, or innovative business concepts. They proudly serve the community!

New officers start new year

Past president, Gayle Oberst, (L) is seen above swearing in the officers for the 2019-20 fiscal year. New officers (L to R) are Nancy Stovall, President; Gail Claffey, First Vice President; Diane Vitale, Second Vice President; Cheri Leistner, Secretary; Eadie Lloyd, Corresponding Secretary; and Sue Jiles, Treasurer.

The officers and Board members have worked hard all summer to plan this upcoming year's activities in hopes of another enjoyable, fruitful year for WCC.

Meet New President for 2019-20: Nancy Stovall

Nancy Stovall was installed as President at the May meeting. She was raised in South Dakota, in a small ranching/farming community. She learned a great work ethic by helping with the farm work. She also learned how valuable family is to her.

She loves to read, walk, hike and travel. She has walked the Ravenel Bridge in Charleston, SC, the Golden Gate Bridge in San Francisco, the Crazy Horse Monument in SD and, of course, the Hathaway Bridge.

She enjoys watching her granddaughters compete in competition cheer. She traveled with them and her daughter to Italy. She also visited her sister in England and had the opportunity to also see Ireland, Scotland, Germany, Switzerland, Austria and France.

Nancy received a Bachelor of Sci-

ence in Business Administration from the University of Washington in Seattle. Upon graduation, she started her career at the Boeing Company in Industrial Engineering and later in Operations. Her career with Boeing took her from Seattle to Oak Ridge, TN and then to Huntsville AL. After 36 years with the company, she retired and relocated to Panama City Beach.

Her daughter and her husband live in PCB and her son lives in Knoxville, TN.

Nancy believes in supporting the community, and as part of the Women's Civic Club will give back to the community.

She met with the new officers and Board throughout the summer to ensure the club would get off to a smooth start for 2019-20.

Committee Activities

Domestic Violence

Last spring our members collected work outfits—purses, shoes and more - for the Salvation Army Domestic Violence Program.

She would like to thank the members of WCC for their generosity.

Best of all, proceeds from the Lori Morgan concert, the TDC event on the Pier, the May Ironman event and the New Year's Eve event have been deposited in our bank account.

This month, to show appreciation to our teachers, who not only teach but also buy supplies for their classrooms, we are asking for donations to the classrooms of Hutchison and West Bay. A Tribute To Deborah England

Deborah England joined the Women's Civic Club of PCB in November of 2016. She had been a vendor at one of the club's Spring Fling Arts & Craft Shows, and after meeting many of the members, she decided she would also like to become a part of the club. Her daughter-in-law Felicia England was a member, too.

She soon became active on various committees, especially the Arts & Craft Show, which was near and dear to her heart, and agreed to co-chair the show with Elaine Lichtenberger. This worked out well and the next year she herself became the Chairman.

About a year ago, she had certain signs and warnings that things were not right with her body. She was told she had lung cancer and only had a few months to live. She had only had two weeks of radiation therapy for lung cancer before Hurricane Michael hit.

Then Bay Medical Sacred Heart shut down its department where she got her treatments. Her doctor was un-

reachable.

For two months after the storm, she had no access to care and considered moving in with friends in North Carolina to get treatment there.

She said, "Things were difficult for a while.... I feel like I was caught in the middle of things. I was pretty worried because I didn't want to stay with friends, since I didn't know how long I'd have to be there." Then she learned about Florida Cancer Affiliates in Panama City. She was on chemotherapy at the center after that until she died in April.

Deborah was born in Michigan in 1950. She then lived in Cincinnati, Ohio and attended University of Cincinnati.

Moving south to Tennessee in the 70's, she raised two sons there before moving to the North Carolina Chapel Hill area. In North Carolina she spent 20 years working in a large non-profit Community Health Center organization.

She retired in 2015 and relocated to the PCB area where her son and daughter-in-law, Felicia England, and her only grandchild live.

To be safer during Michael, she went into Panama City to her son's home. They were hit hard, but all huddled in the bathroom for hours. Her companion and best friend, Jim Cherry, stayed behind at the Beach house and had no damage.

Deborah was very talented. She loved art in many forms, reading and all the beautiful sunsets here on the Gulf.

She will be greatly missed by family and friends.

Editorial Note:

Please forgive me for the lateness of this article. Deborah died about the same time that I lost my oldest son up in Michigan, so I was unable to do anything at that time.
